**Subject:** House Bill 5041

Dear Tami,

Today I am writing in support of House Bill 5041 in regards to privatizing some DMV services. As we all know, the wait times at the DVM can be challenging. Privatizing some services can only be a good thing. For some time, the AAA has been very successful renewing drivers licenses. I have not been to the DMV for many years to renew my license and I appreciate the fact that I can do my transactions at AAA. Allowing outside vendors to provide some DMV services can only be a good thing for the citizens of Connecticut.

Respectfully submitted,

Diane E. Varholak
